

YOU'RE WRONG, it's not a gag, with two basketball teams lining up in football formation. It just happened to come out that way. The man over the ball -- no, excuse it please -- the man with the ball is Lincoln-Way's Hodge. The Rich player at the extreme left is Deshon and No. 20 is Croker. The Richman who appears to be playing defensive left tackle is Hopper, No. 24. Rich was the winner 69 to 47. (Graphic Newspapers photo)

New Lenox School Board Plans 12 Room Addition

Members of the board of education and administrators of New Lenox grade school district, faced with the responsibility of providing educational facilities for constantly increasing enrollments, are involved in the preliminary planning of a construction project to provide approximately twelve additional classrooms.

Tentative plans are to locate the new classrooms on the present Oakview school site which includes an area of 13 acres. The firm of Alexander, Borkon, Westphal, and DeYoung of Joliet, has been retained by the New Lenox board for the architectural services.

The New Lenox schools now have 1,280 pupils enrolled in kindergarten thru grade eight. In September of 1964, an enrollment of 1,390 pupils is expected. All facilities of the school district, including those in the recently annexed districts of Marley, Schmuhl, and Reiter, will be utilized to provide classrooms for the 1,390 pupils expected to be enrolled for the 1964-65 school year.

Studies of enrollment figures of the New Lenox schools reveal approximately a 10% per year increase over the past ten years. Projection studies indicate an enrollment of approximately 2,000 pupils for the school year beginning September, 1968.

Berlin, New Lenox merchant, at the juncture of Regan and Francis roads. The accident occurred about 6:30 Friday evening, according to the report at the sheriff's office. Mr. Berlin and Mr. Hayes escaped serious hurt.

Knights Drop Games To Vikings And Rockets

BY GREGG FANT

The Lincoln-Way Knights lost two basketball games over the week-end to two of the best teams in the conference this year. In losing both games the Knights conference record became 1-6 and their over-all record fell to 2-14.

On Friday night, the Knights traveled to Homewood and were defeated by the Vikings by a final score of 87-58. The Knights, trailing by only five points, at half-time, could not seem to get their offense and defense going in the second half as they were out-scored by Homewood by 24 points. Of

the Knights 58 points, 28 or 47% of them came on free throws. Howard Grimes, scoring 14 of the Knights 28 free throws, scored a total of 24 points to lead all Knight scorers, Lennie Bernstein, a guard for the winning Vikings led all scorers for the night with a total of 26 points.

In this basketball game, 44 fouls were called, and the teams cashed in and poured thru 43 free throws. The Knights had trouble finding the range from the floor as they scored only 15 baskets all evening, the first coming with 37 seconds remaining in the first period. The

Vikings, on the other hand, scored 36 times from the floor. The sophomore Knights also lost to the Vikings by a final score of 61-47. This loss was the fourth of their conference season.

On Saturday night, the Knights faced off against the Rockets from Rich East at Home, losing by a final score of 69-47. Again, the Knights trailed by only six points at half-time but seemed to lose all their fire in the second half. Leading scorer in the ball game was Rich's Mike Deshon who had a total of 22 points, all on eleven baskets. Leading the Knight scoring was

Howard Grimes who had a total of 15 points. With Howard and Tom Grimes both out of the ball game on fouls, the Knights lost all their rebounding strength. This gave the Rockets second and third attempts to make a single basket.

Again, the game was one in which a large number of fouls were committed, 43 in all, 22 against the Rockets and 21 against the Knights. Even though there were 2 fouls against the Rockets, the Knights could only score nine points on free throws.

The Knights are the seventh place team in the conference

standings with their record of 1-6. The sophomore Knights, who lost to Rich East by a final score of 56-50, now have a 2-5 conference record.

This Friday night, the Knights resume conference action as they play Bremen at Bremen. Then, on Saturday night, the Knights host the Wildcats of Plainfield in a non-conference game.

Score By quarters:

	1	2	3	4	T
Knights	14	19	13	12	58
Homewood	19	19	31	18	87
Knights	12	17	7	11	47

Invite Public To Hear Noted Planner On Future For Area

All residents of the Lincoln-Way high school district interested in the growth and future of the area are invited to attend a meeting in the high school auditorium Monday night (Jan. 27) at which Dr. Harold Mayer, noted geographer from the University of Chicago is to be the speaker. The meeting is scheduled for 8 o'clock.

The meeting, arranged by the Lincoln-Way board of education, was originally scheduled as a joint affair for that body and its citizens' committee that has been studying sites for a proposed second high school for the district. However, as a result of interest expressed by many persons concerning the growth problems of the area, it was decided to make it a general meeting and to invite the public.

Dr. Mayer will discuss several topics dealing with the potential growth of the Lincoln-Way area, including:

1. How can you get a decent tax base structure for the area?
2. The implications of Interstate Route 80 on the growth of the area.
3. Why the Lincoln-Way area is in an unique growth area: A.-Transportation B.-Accessibility to markets. C.-Waterway transportation.
4. Plotting the direction and time of population growth in the Lincoln-Way area.

Dr. Mayer is an expert and well qualified in the area of city planning. He received his bachelor's degree from Northwestern university, his master's from Washington university, and Ph.D. in geography from the University of Chicago, to whose staff he was appointed in 1950.

Prior to that he was chief of division of planning analysis of the Philadelphia Planning Commission and then served as director of research for the Chicago Planning Commission.

Since then he has been consultant to organizations concerned with urban development, industrial location, transportation terminals, ports and comprehensive city and metropolitan planning, including the Chicago Department of City Planning, the Cleveland City Planning Commission, the Port of New York Authority, the Province of Manitoba Department of Industry and Commerce, industrial companies and transportation organizations.

Recently Dr. Mayer spent a year as a Fulbright professor at the University of Auckland, New Zealand, and has observed transportation and urban planning activities extensively in the United States, Canada, western and northern Europe and Australia.

He was the author of "The Port of Chicago and the St.

Lawrence Seaway," and was co-editor of "Readings in Urban Geography," as well as having written many papers for professional and technical journals.

MR. AND MRS. GEORGE SCHROEDER

Frankfort Couple Plans Anniversary Celebration

A Frankfort couple, Mr. and Mrs. George Schroeder, 144 Pacific st., will celebrate their 50th wedding anniversary with an open house at St. Peter's United Church of Christ this Sunday, Jan. 26. The hours will be from 2 to 5 p.m. and all relatives and friends are invited.

Mr. and Mrs. Schroeder were married Jan. 28, 1914 at New Lenox. Mrs. Schroeder was the former Selma Schmuhl, daughter of the late Mr. and Mrs. William Schmuhl.

Schmuhl school was named after that family and that was where Mrs. Schroeder attended classes. The Schroeders farmed until 1957 when Mr. Schroeder retired and the family moved to Frankfort.

Helping them to celebrate their golden wedding will be their sons and daughter-in-laws, Mr. and Mrs. Donald and Mr. and Mrs. Glen Schroeder, and three granddaughters, Willa, Milda and Doreen.

Mokena C.Of.C. To Keep Public Events Calendar

The annual meeting of the Mokena Chamber of Commerce saw the election of John Langland as president, succeeding Wayner Ryder. Other officers chosen for the current year are: Raymond Bisgrove, vice president; Mrs. Marcia Miller, secretary; Daniel Kurber, treasurer and Walter Welsch was elected as a director.

In outlining plans for the year, Mr. Langland included the use of the Chamber as a clearing center for other organizations in setting up dates for public affairs in order to avoid conflict of dates.

It was suggested that the various community groups avail themselves of this service. The Chamber intends to maintain a calendar at its office on Front st., showing the dates of local public events. When organizations are making such plans a call to the C. of C. office will inform them if they will encounter any opposition in the form of other public gatherings.

It was also decided to have 12 meetings in the year, six of them in the evening as now; four of them luncheon meetings and the other two as dinner meetings. Actually the two dinner meetings will be social rather than business affairs.

The members have also voted to lower membership dues from \$25 to \$20. Those who have paid \$25 will be entitled to a refund or they may elect to have the difference credited to their next year's payment.

Fred Lehmann will continue to serve the Chamber as executive secretary.

on Thursday, Jan. 30 at 1 p.m. with Mrs. Reed Burch and Mrs. Ira Anderson as hostesses.

The diaconate met at Homer church Monday evening with all members present except Mrs. Merritt Cagwin who was out of town. Plans for improving the church program were discussed.

An attentive audience of parents, teachers and children listened to Charles Besema of the L.T.H.S. teaching staff as he explained the modern teaching of mathematics at Homer school -- 33-C Thursday evening.

This was followed by the school clubs routine reports and some discussion of "ways and means." The group voted to buy a new movie projector, to replace the present one which is not repairable.

It costs this little to dry a load with Gas

It costs this much to dry a load with other dryers

Gas dries over four loads for the cost of one with other dryers

Dry clothes all year long with Gas for the cost of drying only three months with other automatics

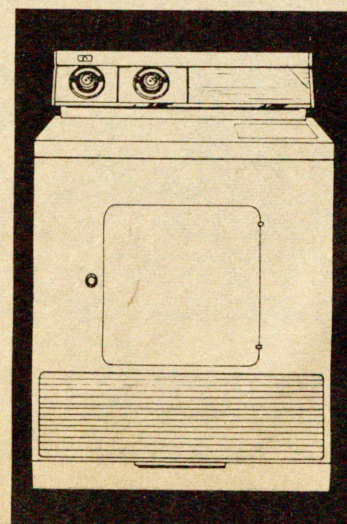

Any way you look at it, Gas dries best for less

The average family saves nearly \$20 a year by having a gas dryer instead of any other automatic. In 10 years (the average life of a clothes dryer) you've saved enough to pay for your gas dryer.

With gas, your clothes dry fast, come out soft and sweet-smelling. There's no dry baking action to set wrinkles. And you don't have to invest in costly heavy-duty wiring to operate your gas dryer.

So don't be fooled by "special" price offers on other automatic dryers. They can't begin to equal the long-term savings and satisfaction that come with owning a modern, dependable gas dryer.

See the new gas dryers now on display at your appliance dealer's or at your nearby Northern Illinois Gas Company showroom.

A Record of Achievement

A look at the present tells us what we are—a look into the future tells us what we hope to be. And a glance into the past tells us how. Today, with the accomplishments of the past year reviewed in this financial statement, it is possible to predict certain aspects of the future of Joliet Federal Savings—and know how we can achieve the goals we have set. These goals can be summed up in two words: SECURITY and SERVICE. And each new step

ahead means additional strength, service and security for your savings. These, we feel, are the factors that are responsible for the respect and the trust we have earned—from you, our savers and borrowers. And with your continued good will, we can envision 1964 as another year of achievement in providing you with the kind of service upon which success is built.

CHEVY-VAN!

Chevrolet's new low-cost quality delivery truck!

This introduces you to Chevy-Van—our new economy
delivery truck.

It has a low price tag, over 40 sq. ft. of completely
usable flat floor 7½ ft. long, the engine up front, and
a lot of quality features which make it a better buy.
The body and frame-floor are welded together. The
truck is strong, rigid, stable. Doors are double-wall
construction.

Chevy-Van has unusual resistance to rust
and corrosion. Especially vulnerable areas
such as front stepwells are galvanized.
Sealers are used at all critical joints inside

and out. Certain sections are treated with high-zinc-
content primers; others with an aluminum-wax
preservative.

The windshield is a big flat practical one-piece unit.
The big 90-hp 4-cylinder standard engine is more
powerful than some 6s, yet is remarkably economical.
If you need more power, Chevy-Van offers a 120-hp six
at extra cost. Side doors and rear windows
also cost extra.

Last but not least, it's a Chevrolet. Which
means that it is built to work for you a long
time at minimum cost.

Frankfort Board Studies Kindergarten Question

At the next meeting of the Frankfort grade school board, Feb. 3, it is expected that a decision will be made on the kindergarten question -- will the district operate a kindergarten in the 1964-65 school year.

The district has been operating kindergarten classes for the previous and the current school years. The board would like to continue with it but the question of space has come up.

When the new addition to the school was opened two years ago there was room for kindergarten but by next fall all available space in the school will be needed for the regular grades, it was pointed out.

If the board is to operate kindergarten next year it must ask itself three questions:

- 1.-Are quarters, outside the school, available for the purpose?
- 2.-If quarters are available will the district have the money to rent them?
- 3.-And finally under such

conditions, plus problems likely to arise under such a program, will it be to the best interests of the district and the children to continue with kindergarten.

The Frankfort school not only had its normal population

Multiple Housing Poses A Problem For Suburbia

Apartment construction is claiming considerable attention from suburban communities, according to those active in municipal affairs, and the village of Frankfort is among those interested.

The McIntosh real estate firm

would like to build some multiple dwellings in Connecticut Hills and a zoning board hearing is scheduled for the night of Jan. 30 in the village hall.

At the meeting of the Frankfort village board Monday night a report was read from Burton Breidert, chairman of the village plan commission, on a meeting in the Northwestern university law school that dealt with the apartment problem. Mr. Breidert and Village Attorney A.H. Krusemark attended the meeting in Chicago at the instance of the village board. That the question is of

general interest, Breidert pointed out, was reflected that more than 300 persons from suburban communities were present.

Apartments are being built in all communities in the Chicago area and fill a required housing need, especially for the young, the elderly and temporary residents, Breidert reported, but communities are concerned with finding ways to legally control apartment growth.

"In most cases," Breidert said, "communities feel there are too many apartments that are being built in too many places. Location of apartments is a major concern of zoning boards.

A master plan for a community plus comprehensive

zoning and building codes covering construction of multiple dwelling were suggested as possible solutions for the problem by lawyers and planners, Breidert said. Public opinion and cooperation is also needed.

Breidert told the village board he believed this to be an opportune time to study the apartment problem and possibly revise the master plan, including the location of multiple dwelling areas, building codes covering apartments, and to coordinate plans with all village communities and board before any rezoning is done.

Krusemark said that a major portion of the time when he was at sessions of the conference was taken up with arguments pro and con on whether apartments were a good thing for a community, rather than any legal methods for controlling them.

At Homewood, Breidert said, the authorities have halted apartment building.

School Boards Of L-W District Hold Meeting

A tour of Lincoln-Way high school, including the new addition a part of which is still incomplete, was one of the features of the combined meeting of all the district school boards on Jan. 14.

Dinner was served at the high school and later there were talks and panel discussions.

It was the first time that some of the members of the grade school boards within the Lincoln-Way district have seen the new addition and from their remarks they liked what they saw.

County Supt. Verne E. Crackel; Lincoln-Way's superintendent, A. Hunter Chapman; Asst. Supt. Don D'Amico; C. L. Kasing, New Lenox, president of the Lincoln-Way board, and H. James Wrath, superintendent of the Arbury Hills school, all spoke briefly.

Mr. D'Amico, who has made an extensive study of the population trends of the area and has published a survey that brought an offer of a job from a university. Present enrollment in the district, grade and high school, is approximately 3,800 but by the start of the 1969-70 school year the figure is expected to reach 7,288. So far, Mr. D'Amico said, actual population counts in the area for the past years have shown the projected figures to be right.

Supt. Wrath reviewed the co-operative plans for the district. Grade and high schools work together in establishing programs and methods calculated to better serve the interest of pupils and schools.

Following the dinner and the talks the board members attended panel discussions. One dealt with curriculum coordination and summer school; one pertained to development of better public relations; a third covered cooperative business management and the fourth group concerned itself with salaries and fringe benefits.

John Uthe Dies Jan. 19

Lifetime resident, John Uthe, 17207 - 67th ave., Tinley Park, died unexpectedly Sunday, Jan. 19, after a short illness.

Mr. Uthe was born Oct. 31, 1892. Six years ago he retired from the Rock Island railroad after 35 years of service. He is survived by his wife Johanna, two daughters, Grace Wilson, Frankfort, Florence Biela, Tinley Park; three sons, Warren, Howard, and Clifford, all of Tinley Park; three sisters, Rose Behrens, California; Anna Boyer, Hammond, Ind.; Mamie Moss, Tinley Park; a brother Conrad, Orland Park; and 20 grandchildren.

He was preceded in death by a brother, Harry, and two sisters, Martha Wagner and Elizabeth Uthe.

Places 8 Students In Band, Chorus

Lincoln-Way high school has four music students that have been selected for membership in the internationally famous School Band and Chorus of America that will make its fourth annual tour of Europe this summer.

Martha Otto, a junior, of Frankfort; Susan Webb, a senior of New Lenox, have been selected as band members, Miss Otto playing the oboe and Miss Webb a clarinet.

The other two were chosen for the chorus, Jenny Doering and Linda Shreffler, both juniors, both residents of New Lenox, and both sopranos.

The band and chorus are to begin the tour June 11 and will be gone a month. They are to fly to Europe and have 18 converts scheduled in Holland, Belgium, Germany, France and England. This is the fourth tour for the band and the second for the chorus.

Members of the two groups were selected as a result of auditions held on a nationwide scale last November and December. Musicianship and character were the determining factors. There are 90 members in each ranging in age from 15 to 21 and representing 26 states.

Edward T. Harn is the founder and director of the band; he is also director and founder of the chorus and is assisted by Wayne Reger, of Massillon, O., and Don McCathren of Pittsburg, Pa. with the band and Cedric Cooke with the chorus.

The young musicians will conclude their tour with a concert July 10 at the New York World's Fair.

The band and chorus are endorsed educators in music.

Marley

Missionary Group Hears Talk On Jewish Faith

VIRGINIA SASS
Telephone: 485-6424

Rabbi Hershmann of Joliet spoke on "The Jewish Faith" at the meeting of the Marley Missionary Society on Jan. 15 at the home of Mrs. Herb Crabb. The worship service was conducted by Mrs. O.D. Ferguson.

The president, Mrs. Crabb, announced the following committees for the new year: program, Mrs. Francis Nelson, chairman; Mrs. Arthur Liebelt and Mrs. Ian Brown, missions; love gift, Mrs. Russell Lauffer and white cross, Mrs. Charles Sievert. Remembrance: Miss Bessie Sproat, Mrs. Adella Sproat and Mrs. Clare Berg. Ways and Means: Mrs. William Little, chairman; Mrs. Loren Sass, Mrs. Fletcher Bion, Mrs. Harwood Stellwagen and Mrs. Joe Bruns. Handwork: Mrs. James Tilsy, chairman; Miss Helen Tilsy, Mrs. Curtis Buck, Mrs. Royal Corp, Mrs. Everett Bell and Mrs. O.D. Ferguson. Following the

meeting, refreshments were served by the hostesses, Mrs. Crabb, Mrs. Charles Lauffer, Miss Bessie Sproat, Mrs. Buck and Mrs. Russell Lauffer.

Mr. and Mrs. H.R. Anthony of Newark, Ohio and Mr. and Mrs. R.T. Kenney of Proctorville, Ohio were weekend guests in the home of Mr. and Mrs. Don Reid.

Mrs. Charles Elliott was hostess to the Twelve Trumps in her home on Tuesday night. Prizes were won by Mrs. John Hasibar, Mrs. Loren Sass and Mrs. Otto Moraved. The group will meet at the home of Mrs. Charles Greetis in February.

The annual business meeting of the Marley church was held at the church on Sunday, Jan. 12, following a fellowship dinner at noon.

Annual reports were heard from the various organizations of the church. Officers elected were Mrs. William Little, Sunday school superintendent; Mrs. Mary Griffin and William Little to the board of deacons; O.D. Ferguson and Lester Cammack to the board of trustees; and Mrs. Russell Lauffer and Mrs. Daniel Sass to the board of christian education.

Frank Liszt, Sr. is a patient in Silver Cross hospital for treatment of a fractured hip suffered when he fell on Monday. He was walking down his driveway to get the mail and he slipped and fell on the ice. He was removed to the hospital by ambulance.

John B. Handorf was released from Silver Cross hospital on Monday where he had been a patient for treatment of burns. He received 1st and 2nd degree burns on his face, hands and knees when he extinguished a fire caused by a faulty heater in his milk house on Friday evening.

Word comes from Los Angeles, Calif., telling of Mr. and Mrs. Bruce Storm and three children, who were victims of the reservoir flood in December. They resided on Cloverdale ave. and were in the direct path of the powerful gush of water. They lost their home and all their belongings except two automobiles and the clothes they were wearing. At the time Mr. and Mrs. W.B. Storm of DeKalb were en route to Los Angeles to spend Christmas with their son and family.

Bruce Storm will be remembered as the grandson of Mrs. Charles Haley, pioneer Marley resident.

Kindergarten Fees For 2nd Semester Now Due

MRS. EDWARD HOVI
479-5740

Those Arbury Hills residents who have children attending the Kindergarten class at Arbury Hills school are being reminded that the second payment of the \$5 registration fee, the fee for the second semester, is to be paid before the end of January.

All checks are to be made out to the Arbury Hills Kindergarten Organization, and mailed to Mrs. David Mundt of 19537 South Beechnut Drive. Mrs. Mundt is the treasurer of the organization.

The Kindergarten Organization is also on the lookout for a volunteer among the men who would be willing to stand by as a handy-man to repair the kindergarten equipment as it becomes necessary. If there is a volunteer, he should contact Mrs. Richard Hendrickson at 479-5821.

The four Cub Scout Dens in Arbury Hills are having their regular monthly pack meeting at the school on Friday evening, Jan. 31, beginning at 8:00 p.m.

The individual dens are each planning a skit upon the subject of traveling. It is up to the dens themselves as to how the subject will be covered, but the efforts will be their own.

The Bingo club will hold its postponed meeting at the home of Mrs. Richard Hendrickson of 19502 South Catulpa. The hostess for the evening will be Mrs. Diane Nyder. The meeting will be held on next Tuesday evening, Jan. 28, at 8:00 p.m.

Next Saturday morning, Feb. 1, is the regular pick up time for Summit Hill Boy Scout Troop Number 10. On the first Saturday of each month, the Boy Scouts collect newspapers, magazines, and other easily transportable cardboard. The proceeds from these monthly paper drives are used to purchase additional needed troop equipment.

If you have a donation for the paper drive, please have the contribution placed either at the garage door or at the front door, and bundled in some manner, before 9:00 a.m.

There is a major change in the Girl Scouting Program in Arbury Hills. Mrs. Alice Kilgore, who had been co-leader of the Brownie Scout Troop No. 334 along with Mrs. Darlene Guntz, is to become the leader of the Junior Scout troop

in place of Mrs. Cullison, who had to resign as leader of the Junior Scouts.

Mrs. Faye Erkmann will become the co-leader with Mrs. Kilgore. The committee mothers are: Mrs. Vernon Crowder, Mrs. Neumayer, and Mrs. Cullison.

Mrs. Kilgore will take over as leader on Feb. 1, and at that time the meeting day will be changed to Monday from its present Wednesday.

There will be an investiture ceremony and rededication of the troop at the school on Friday evening, Feb. 14.

The Juniors will also sell Girl Scout Cookies during the next month as a fund raising project.

Brownie Scout Troop Number 334 will be under the leadership of Mrs. Darlene Guntz after Feb. 1, with a co-leader to be named at a later date. Mrs. Guntz has as committee mothers: Mrs. Dorothy Dickerson, Mrs. Lee Ann Blecha, Mrs. Donna Lachowicz, all of Arbury Hills; and Mrs. Ott, Mrs. Alpers, and Mrs. Hektor, all of Tinley Gardens.

It has been requested by Mrs. Mary Albor, leader of Brownie Scout Troop Number 332, that the residents of Arbury Hills again turn on their porch lights in the dark hours. There are youngsters in the scouting program who must walk home from meetings during the early evening hours, when winter weather brings early darkness. It would be reassuring to the mothers for some light to be available for these children during their walk home.

The Teens Club held their regular meeting at the school last Monday evening. At that time there was to be the election of the seven council members who will aid in the running of the group.

David Hovi celebrated his fourth birthday with a family party on Sunday, Jan. 12, followed by a children's party on the next afternoon.

The hot dog luncheon party was topped off by ice cream, soda pop and Humpty Dumpty cookies, as per David's request instead of a cake. The children attending were: Scott Williams, Kathy Burdett, and Peggy and Colleen O'Neill. Debby Mangan was unable to attend, but sent her best regards to David the next day.

Teachers Of Lincoln Way Dists. Hold Institute

The fourth annual Lincoln-Way Area Teachers Institute was held Monday, (Jan. 20,) at the high school.

Some 150 teachers of the elementary schools of the area, and the high school staff met each year to discuss common teaching problems and to receive in-service training by participating in group sessions geared to their special interests.

While the youngsters of the area schools enjoyed a day away from class, their teachers found a busy schedule awaiting them when they registered at 8:45 a.m. The first part of the morning session was devoted to a business meeting of the Lincoln-Way Area Teachers' Association, the group to which all the teachers in this area belong, and the sponsor of the institute. Following this, the teachers were briefly entertained by the Lincoln-Way chorus under the direction of Tom Olson.

Dr. Henry Hermanowicz of Illinois State Normal university delivered the keynote address. The teachers then moved to grade level meetings where they had an opportunity to discuss problems with other teachers of

the same grade.

After lunch the eight special interest groups met and time was devoted to exploring areas of the teachers choice - four areas spent a full two hours in session. These were guidance, music, gymnastics, and math.

The other four groups met for one hour, and then repeated their session the second hour. Thus each teacher interested in this latter grouping had a chance to attend two different one-hour groups. The groups considered the following topics: (1) Ungraded Primary, Miss Florence Kelly, Milwaukee public schools, (2) Classroom Management, Dr. Fox, Dr. Ogilvie, and Dr. Powell, of Northern Ill. University, (3) Communications Techniques, Jim Phillips, Tecnifax, Inc., (4) Using Maps and Globes, Robert Jacobs, A.J. Nystrom Co.

The president of the Lincoln-Way Area Teachers' Association is Richard McCarthy, seventh grade teacher at Arbury Hills school. The program chairman for this year's institute was H. James Wrath, Arbury Hills superintendent.
